LEARNING AND TRAINING CONCEPT

SNAG **GOLF**

WELCOME TO **SNAG**

SNAG (Starting New At Golf) is a successful learning and training concept for golfers and golf beginners of all ages. Especially for children (from 2 years and upward) and young people it is the perfect introduction to the sport of golf. SNAG stands for fun and rapid results and has been developed through years of research and practical experience in the U.S. and simplifies the basic techniques of golf.

All the important elements of the game of golf are integrated: putting, chipping, pitching and launching (full swing).

The 2 club system (roller & launcher) with 5 sided club grips and colour markings, special balls, targets and teaching aids are virtually self-explanatory. SNAG guarantees plenty of fun and great learning achievements in a short time.

THE EASIEST AND
FASTEST WAY
TO LEARN GOLF
AND **HAVE FUN**
DOING IT !

SNAG CLUBS

High quality fiberglass shaft

Bullseye to establish perfect alignment with the target

SNAG BALLS

The SNAG ball is made of a material similar to that of a tennis ball. The arrows on both the ball and the Launch Pad assist the player in recognizing the desired direction of play.

ID - BA6 "1 x 6 Pcs"
ID - BA12 "1 x 12 Pcs"

SNAG BALL BAG 100

The SNAG Ball Bag contains 100 SNAG balls.

ID - BA100 "100 Pcs"

SNAG TARGETS

ALL TARGETS WITH
HOOK AND LOOP SYSTEM

FLAGSTICKY

The Flagsticky replaces the hole and the flag. When you hit the Flagsticky the ball sticks to the hook and loop cylinder and the player has thus "holed out".

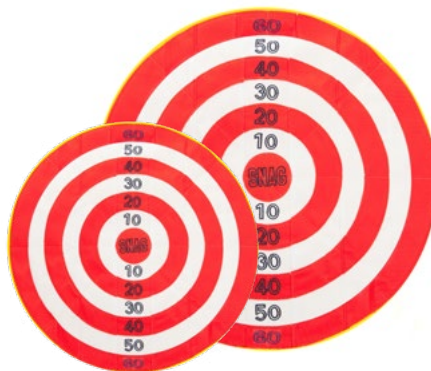

ID - FS60 (Height: 120 cm)

ROLLERAMA

The Rollerama target is used primarily in rolling and chipping. The SNAG point system is similar to real golf: less is more!

ID - RR36 (Width: 90 cm)

BULLSEYE

The Bullseye Target is used primarily for chipping and pitching. The SNAG points system allows interesting game formats for both younger and older players.

ID - BT30 (Ø 75 cm)
ID - BT48 "GIANT" (Ø 122 cm)

FULL STICKY SUIT

The Full Sticky Suit is one of the most fun products produced by SNAG. All three parts of the suit are provided with the hook and loop system onto which the balls are able to stick.

ID - SS01

*The training should be **FUN**
and make **SNAG-Events**
unforgettable.*

STICKY HELMET

The Sticky Helmet with hook and loop system hood is not only a target, it also serves as protection.

ID - SH01

STICKY JACKET

Hit the target on the front of the Sticky Jacket.

ID - SJ01

STICKY PANTS

The target is on the rear of the Sticky Pants.

SNAG INSTRUCTIONS

Several players (max. 6) are able to play. Each player receives a different coloured ball and starts the game with 500 Points. The goal is to hit the Bullseye at a distance varying between 3 m and 30 m.

If a player is able to hit the centre of the target "SNAG", he can add 100 points to his score. Should he hit the ball to another target point other than the centre, the player has to deduct the number hit from his score. If the player misses the Bullseye completely he then has to deduct 100 points from his score.

Once a player has no more points left at all, he is eliminated. The player remaining is deemed to be the winner!

*LOTS OF FUN FOR
EVERY PARTY!*

GAME PAK

The Game Pak contains a Launcher, Launch Pad, six SNAG balls and the Large Bullseye.

It can be used both indoors and outdoors.

Let your imagination run wild, enjoy a varied game experience and have fun with kids and adults.

SNAG-O-MATIC

The SNAG-O-Matic is designed to learn hand and arm control (putting and chipping).

ID - SM01

ROLLER BRUSH

The Roller Brush develops a correct putting stroke. "Painting" a line on the ground teaches smooth movement.

ID - RB01

SNAGAZOO

The SNAGazoo is an effective tool for setting the angle between hands and arms during the pitch shot. It provides auditory feedback.

ID - SZ19

*SNAG Training Tools
provide positive **feedback**.
They support learning the
basic techniques of golf.*

SNAPPER

The Snapper teaches coordination of hands, arms, body and weight distribution (various exercises). A successful "popped" streamer would indicate the correct use of the hands in the impact area.
